Investment policy

The Fund invests at least 85 percent of its assets in its Master Fund named Raiffeisen-Global-Aktien (whose performance has been measured in EUR). Furthermore, the Fund may invest (up to 15 percent of the Fund assets) in financial derivatives negotiated exclusively for hedging purposes, and in money market instruments (deposits) denominated in the Czech tender or in foreign currencies. The Fund assets without any currency hedging may equal up to 100 percent of the value of the assets of the Fund. The Master Fund represents a standard open-ended mutual fund, which invests at least 51 percent of its assets in undertakings located in North America, Europe or the developed Pacific countries. Furthermore, it may invest in bonds, convertible bonds or in money market instruments issued, among others, by governments, supranational issuers, and undertakings. The Master Fund may invest in derivatives that may be used both for speculations and for hedging purposes.

Recommendation: The Fund may not be suitable for investors who intend to recover their invested funds within a term shorter than 10 years.
