

KEY INVESTOR INFORMATION

This document provides you with key investor information about this fund. It is not a marketing material; the information is required by law to help you understand the nature and the risks of investing in this fund. You are advised to read it so you can make an informed decision about whether to invest.

Raiffeisen strategie konzervativní, otevřený podílový fond, Raiffeisen investiční společnost a.s. (hereinafter the "Fund").

ISIN: CZ0008474871

The Fund represents a standard fund.

The investment company that manages the Fund (the Management Company): Raiffeisen investiční společnost a.s., Registered number. (IČ): 29146739 (hereinafter also the "Company").

OBJECTIVES AND INVESTMENT POLICY

The Fund is a conservative mixed fund. The basic objective of the Fund's investment strategy is to achieve a moderate medium-term and long-term growth of the Fund assets measured in CZK, namely, by investing at least 70 percent of the Fund asset value in conservative instruments (bonds - investment grade sovereign and corporate bonds), money-market instruments and deposits, and up to 30 percent of the Fund asset value may be invested in risk instruments, e.g., equity, commodities, and non-investment grade bonds. Investments in investment securities or money market instruments issued or guaranteed by the Czech Republic may comprise up to 100 percent of the value of the Fund assets. The Fund may invest in derivatives and it may also apply such derivatives for hedging purposes.

From time to time, the Company may further specify and amend the manner of implementing the Fund investment strategy, in particular, in order to reflect the prevailing market

situation. The Fund is actively managed, and it does not intend to copy or follow any specific index or indicator. Specific criteria of social responsible investing (ESG criteria) are not taken into consideration within the investment strategy of the fund. For further information about its investment strategy and its implementation, please, see Chapters 8 and 9 of the Fund Prospectus.

The Fund units are usually issued and redeemed on each business day for the current value set on the relevant trading day in accordance with the Fund Prospectus. The Fund represents a capitalisation fund. For further information about issues and redemptions of the Fund units, please, see Chapter 14 of the Fund Prospectus.

Recommendation: The Fund may not be suitable for investors planning to recover their invested pecuniary funds within a term shorter than three years.

RISK AND REWARD PROFILE

← Potentially lower reward			Potentially higher reward →			
← Lower risk			Higher risk →			
1	2	3	4	5	6	7

The Fund is placed in Risk Group 3.

The Synthetic Indicator 1 to 7 takes into account the fluctuation of the value of the units and it shows the potential reward of investments in relation to the degree of risks inherent in the Fund. The higher the number, the higher the potential reward but the less foreseeable the reward, and investors could therefore suffer a loss. However, even the lowest number does not mean that an investment is entirely free of any risk; it rather indicates that, in comparison to higher numbers, the investment offers a lower but more foreseeable reward.

In view of the date of the establishment of the Fund, the actual historical values of the units cannot be used, so the calculation is based on modelled trends derived from the expected

placement of assets. The indicator value has been determined based on historical information, which is not always a reliable guide when it comes to the future risk profile of the Fund. The risk and reward indicator is regularly re-assessed and its value can fluctuate up and down.

The risks to which investors are exposed when investing in this Fund include, without limitation, market risks, currency risks, credit and interest risks, liquidity risks and emerging market risks; investors should be prepared to accept the risk of a possible loss resulting from their investments.

The value of investments can rise and fall. No return on such investments is guaranteed. For more information, please, see Chapter 10 of the Fund Prospectus.
